2019-2020 Educational Activities

February 10, 2020

9:30am & 12:30pm

4th-6th Grades

So much science, so little time...Doktor Kaboom is having trouble picking his favorite science demonstrations, so he's bringing them all! Unfortunately, there are way too many to do them all in one show. The solution: The Wheel of Science! Doktor Kaboom has built a great big spinning wheel and labeled it with everything from optical illusions to chemical reactions to a homemade hovercraft, and more! At least a dozen fantastic routines ready to go. Wherever the wheel stops, that's what's next! Will we turn a water bottle into a rocket or catapult bananas across the stage? Electrocute a pickle or create artificial gravity? Who knows? No two shows will be the same. So, step right up, and let's spin that wheel!
