

Civic Hall Performing Arts Center

2018-2019 Educational Activities

November 19, 2018

9:30am & 12:30pm

4th-6th Grades

Bill Blagg's The Science of Magic takes students on a rare, never-before-seen journey "behind the scenes" of the magic world. Students will discover firsthand how magicians use science to create the impossible! **The Science of Magic** is designed to excite, educate, intrigue and promote students to think "outside the box" and spawn their curiosity about how science and the Scientific Method are used by magicians to create the impossible!
